Re: Notification about a suspicion, that the Czech Republic discredits
Lithuania in the area of human rights at the international level
Enc. : The letter in the name of the international court

We are NGO with the residence in the Czech Republic.

Our goals are:

1. Defense of human rights
2. Collecting proofs about a violation of human rights.
4. Bringing pressure to transgressors of human rights to a goal of achieving of an observation of human rights, a change of a legislation in a harmony to a protection of human rights on the ground of international conventions and an achieving of adequate sanctions for transgressors of human rights.
5. Co-operation with other non-governmental organizations, other institutions and legal entities, Czech and international.

Within the purview of our goals, we are examining a suspect activity of the Czech Section at the European Court of Human Rights, concrete an activity of Ms Eva Hubáčková.

The applicant received the letter in the name of the Court, see. enc. In this letter is used the name of the judge of Lithuania Mr. Egidijus Kūris, that he declared this application as inadmissible.

Human Rights Defense z.s. states, that my application is admissible without any doubts.
Human Rights Defense z.s. states, that the applicant can read and so the applicant can read, understand and interpret advices at the web of the Court for a lodging of an admissible application.

The result is, that somebody at the Czech Section of the Court has a serious problem with reading, understanding and interpreting.

Duties for a knowledge of documents at the Court has even the Czech Section, not only the applicant.

In the light of above meant facts, without any doubts, the Lithuania's judge could declared this application inadmissible, on the ground of some manipulation with the file.

Or the second possibility is, that is a suspicion, that the Lithuania's judge declare as inadmissible never.

And the Czech Republic, concrete the Czech Section at the Court has abused the name of the Lithuania's judge and the decision of the Court the Czech Republic fabricated (cui bono, cui prodest).

Therefore Human Rights Defense z.s. is requesting to check this case. Concrete, Human Rights Defense z.s. is requesting, to the Lithuania Section at the Court will control this case. If this case in the archive of the Court and if the Court this application received.

It is in the interest of Lithuania this case to check. In the situation, when the name of the judge is abused, this is, without any doubts, a serious damage for a reputation of Lithuania in the area of human rights at the international level in the international instances.
Human Rights Defense z.s. is requesting, to Lithuania will state an official statement, because Human Rights Defense z.s. makes public this letter on www.hrd-ngo.com/en-us and Human Rights Defense z.s. will make public your answer too, to citizens have truth information about a situation of human rights in the Czech republic.
